M Manual Floorstand 130Kg Black SD

EAN: 7350073732883

Multibrackets M Manual Floorstand 130 kg - Stand kit (floor stand) for LCD TV - black

Are you in the need of a mobile solution that allows a larger single screen to be moved into different rooms ? We might just have the solution for you. This clean designed yet robust and stabile mobile floorstand prevents the touch screen from shaking when being used. The usage of heavy duty high performance TENTE wheels makes it easy to move the screen from room to room. Easy to adjust to be always on par with its audience.

Introducing the all new M Manual Floorstand 130 kg Black SD. This product incorporates design with rounded edges and overall features giving a softer, professional feel that fits well in corporate and classroom environments. Get a perfect viewing angle. No technical know how or previous usage is needed to use the M Manual Floorstand. Just install the screen in position - and go!

Using high quality TENTE wheels this mobile floorstand can easily pass through doorways and over thresholds. Multibrackets has incorporated a clever wheelbase making it possible for the user to get very close to the screen. Holding a wide range of VESA specifications (up to 1200x800 with optional accessory) it can hold near any large screen the market has to offer.

With a variety of accessories available (optional) makes this product ideal for use anywhere where a screen needs to be moved often, or alternate heights for presentations are needed, or where the screen might be needed to be locked away after usage

Highlights

- Large screen capacity, MAX 130 kg
- Good height makes screen fit perfect in position
- Optimized for any audience, standing or sitting
- Easily pass through doorways and over thresholds
- A variety of accessories available
