4-Port Keyboard, Mouse & Peripheral Switch

The IOGEAR 4-Port Keyboard, Mouse & Peripheral Switch lets you share a keyboard and mouse as well as other USB peripherals and instantly switch between two USB-C-equipped laptops or desktops with the push of a button. The included BeyondOS™ software permits you to quickly transfer files between connected computers, without accessing a network; even transfer files between a Mac and PC with the included Beyond OS™ software.

- Quickly switch & share devices on 2 USB-C computers
- Transfer files* between connected Mac & PC with Beyond OS™ software
- Charge devices with up to 85W Power Delivery** on designated USB-C port
- LED indicator shows active host computer
- File transfer function supports both Windows and Mac OS X

- 3x USB-A and 1x USB-C ports
- Supports up to 10Gbps data transfer rate
- Plug-n-play, no driver installation required
- Overcurrent protection safeguards USB devices from power damage

*Software installation is required
**Actual Power Delivery wattage depends on the capacity of the USB-C power adapter used

Power Delivery 3.0 Pass-Through delivers up to 85W of charging power only on host computer 1 utilizing the laptop's USB-C power adapter (after deduction of 15W used by the hub). USB-C power adapter not included.
