HD710M Pro External Hard Drive

CAMOUFLAGE, HEAVILY ARMED AND UNDEFEATED STRONG
HD710M Pro External Hard Drive

The HD710M Pro external hard drive is the ultimate choice for external storage! It boasts outstanding storage capacity, protection against dust and moisture that surpasses IP68 standards, and military-grade shock-resistance capabilities. With its triple-layered anti-shock design, users can rest easy knowing that their data is safe in the most durable of hands.

Military-Grade Anti-Shock Technology

The HD710M Pro boasts three layers of anti-shock technology, which means it offers military-grade durability for your data. The device can even withstand drops from up to 1.5m in height. Settle for nothing but the best!

Ingress Protection Beyond IP68

HD710M Pro can offer protection against dust and water that goes beyond the highest-level IP68 standards. In particular, the HD710M can withstand 60 minutes submerged at 2 meters, giving it water protection that exceeds IPX8.

TOUGH SILICONE RUBBER

SUPER SHOCK-ABSORBED MECHANISM

EXTREME PLASTIC

User-Friendly Waterproof Covering

The HD710M Pro differentiates itself from other storage solutions with its user-friendly waterproof cover. There's no need to fiddle with inconvenient coverings, simply slip the cover over the HD710M Pro and buckle it into place.

Protect Data with Shock Sensor Technology

Because the HD710M Pro is equipped with shock sensors, when large shocks or vibrations are detected during data transfer, a red LED will light up to warn the user and the device's internal protection mechanisms will be activated to safeguard the user's data.
