Quick Install Guide

Ports

1 Connect power cable

2 Connect to computer

IMPORTANT: Your computer must be connected to the host port to power on and access Ibig Dock.

USB-C/USB-C

3 Install Toolkit

Launch **Start Here** from your drive to register LaCie 1big Dock and download the Toolkit software installer.

Mac: This drive is preformatted exFAT for use with both PC and Mac. For Time Machine, it must be reformatted for Mac. Reformatting will delete all data previously stored on the drive.

Review details of your LaCie 1big Dock's warranty by opening the LaCie Limited Warranty Statement on your drive or go to www.lacie.com/warranty. To request warranty service, contact an authorized LaCie service center or refer to www.lacie.com/support/1big-dock for more information regarding customer support within your jurisdiction.

FCC DECLARATION OF CONFORMANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CLASS B

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Any changes or modifications made to this equipment may void the user's authority to operate this equipment.

For Australian Customers Only.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
