

Product 855132

855132 ProClip

Angled mount

The ProClip is a mounting bracket that you attach onto the vehicle's dashboard. It provides a mounting platform for mobile phones and other devices that you want to have within easy sight and reach in the car. Safe, neat and convenient! The ProClip has a perfect fit, it is custom made for each vehicle to ensure a secure base for installations.

The ProClip is easy to install. The bracket simply snaps into place in gaps in the dashboard, you do not need to drill holes, not use special tools or not dismantle the dashboard. Made in black ABS plastic. Comes with detailed installation instructions. The mounting plate is equipped with predrilled holes which make the installation of equipment on the ProClip easier. The holes suit all Brodit holders and other products with standard holes, the hole pattern consists of one set of AMPS-holes as well as two sets of double-holes placed in different height.

Skoda Citigo 15-16 (For Europe)

Volkswagen UP 15-16 (For Europe)

INSTALLATION INSTRUCTIONS

1.

2.

3.

4.

Please read the instructions and look at the pictures before installing the ProClip.

1. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Remove the adhesive tape covers on the ProClip. Hold the ProClip so the angled upper edge points upward. Insert the angled upper edge into the gap between the shiny and the matte part of the control panel.
 2. Push the lower part of the ProClip downward/forward so the angled upper edge goes all the way into the gap and hooks behind the control panel.
 3. Insert the lower angled edge into the gap dividing the control panel from the center console.
 4. The ProClip is in place.
