

# RAM® EZ Roll'r™ Dual USB Cradle for Samsung Tab Active3 and Tab Active2

This RAM® EZ-Roll'r™ power cradle for the Samsung Galaxy Tab Active3 and Tab Active2 have been designed to meet the demands of field workers in a variety of applications including transportation, field service, logistics, manufacturing, and much more. Power and data sync capabilities are provided to the device through GDS® pogo pins while taking advantage of this cradle's dual USB-A port supporting up to two peripherals making this the ideal, compact mounting solution for your mobile workstation. Access to the stylus remains while the device is docked. Included is a set of four nuts and bolts to connect the cradle to any RAM® components containing the universal 4-hole AMPS pattern. This cradle also contains space in the back allowing for a GDS® Hand-Stand™ attachment so you can easily take your Tab Active3 or Tab Active2 from your vehicle, to your person, to your desk with zero hassle.

## Compatible Devices:
