RAM® Key-Locking Power, Power + Data, and Power + Dual USB Data Cradles for Samsung Galaxy Tab Active Pro

These RAM® Powered Key-Locking Cradles for the Samsung Galaxy Tab Active Pro have been designed to meet the demands of field workers in a variety of applications including transportation, field sales, logistics, manufacturing, and much more. Power and data capabilities are provided to the device through GDS® pogo pins, and users can easily rotate the device for use in portrait or landscape mode. For security and theft deterrence, each cradle features a key lock that's compatible with the RAM® Skin™ or factory device skin, as well providing room for GDS® Hand-Stand™ and shoulder strap accessories when docked.

Compatible Devices:
Samsung Galaxy Tab Active Pro with RAM® Skin™
