

Product 521944

521944 Active holder with USB-cable With cig-plug adapter. With tilt swivel. 2,1A charging. 12/24V.

Keep your phone's battery fully charged in an active holder, always within easy sight and reach! Neat, discreet and convenient. Custom made with a perfect, firm fit. With USB-cable with cig-plug adapter, choose to connect either to the vehicle's USB outlet or the 12/24V socket. You have full access to the camera and all buttons when the device is in the holder. It is easy to slide the device into place in the holder so it connects to the charging, and to take it out of the holder when leaving the car.

The holder is equipped with a tilt swivel so you can easily adjust the angle for better viewing, or switch between portrait and landscape mode. Tilts 20° and swivels 360°. Mounting plate 42x50 mm with predrilled AMPS-holes +2x3,5 mm centered holes. Made of high grade black ABS/Acetal plastic. Made in Sweden. Attach onto ProClip Mounting Platform.

Important note!

In order to be able to transmit audio files from your device through the USB-cable, this feature must be supported by the stereo in your car. You can easily test if this works by connecting your device to the stereo with the USB/charging cable that comes with your device. Charging through USB works regardless.

Dimensions: 78 x 99 x 47 mm (W x H x D mm)

Weight: 120 g

Cable length (+connector with plug 85 mm): 145 cm

EAN: 7320285219441

Item no 521944 fits:

Samsung Galaxy J5 (2016) (For all countries)

INSTALLATION INSTRUCTIONS

1.

2.

3.

4.

Please read all of the instructions and look at the pictures before attaching the holder.

1. Loosen the screw in the center of the holder so you can remove the tilt swivel attaching plate on the back.
 2. Place the attaching plate onto the desired position. Screw the attaching plate into place with the enclosed screws.
 3. Place the holder over the attaching plate so the screw fits in the hole in the tilt swivel. Screw a few turns on the screw, just so the thread starts to pull. Pull the holder toward you and hold it slightly tensed, in the same time tighten the screw so the holder is pulled toward the tilt swivel. Tighten the screw until the holder is firmly in place, but still can be adjusted.
 4. The holder is in place.
