RAM® Quick-Grip™ Holder for Apple MagSafe Compatible Phones

The RAM® Quick-Grip™ product line gets an Apple MagSafe Charger compatible insert. Designed specifically to fit the official Apple MagSafe Charger, this RAM® Quick-Grip™ cradle has a removable backing plate so you can install your Apple MagSafe Charger directly into the holder. With the ability to adjust the positioning of the charging disk depending on your iPhone model, this allows for a perfect and secure fit for the MagSafe's charging disk. This RAM® Quick-Grip™ is only compatible with the iPhone 12 and 13 series, Pro and Pro Max, with or without Apple MagSafe phone cases.

Compatible Devices:
iPhone 12 and 13 series, Pro and Pro Max, with or without Apple MagSafe phone cases; not compatible with standard phone cases
