SanDisk® Ultra Eco™ USB 3.2 Flash Drive

With the Planet in Mind

Designed with our planet in mind, the SanDisk® Ultra Eco™ flash drive is made with over 70% recycled plastic, such as disposable water bottles. This saves over 50% CO₂ emissions, fresh water, and energy during the manufacturing process.¹ Capacities up to 512GB* and time-saving transfer speeds up to 100MB/s² let you quickly store more of what matters. With no monthly fees or internet access required, you can save and access your content anywhere, anytime. Plus, RescuePRO® Deluxe data recovery software (download required)³ helps make it easy to restore files that have been accidentally deleted for extra peace of mind. And, its built-in keyring loop allows you to take your content on the go. Say yes to the SanDisk Ultra Eco flash drive knowing it's all worth saving.

Capacities

- 64GB, 128GB, 256GB, 512GB*
