

Dual-4K Dock | Thunderbolt 3/USB-C | DP 1.4/HDMI

Product Diagram (TB3CDK2DH/TB3CDK2DHUE)

Component	Function
1 Power LED	<ul style="list-style-type: none"> Solid White: Indicates that the Docking Station is receiving power.
2 Thunderbolt 3/USB-C Host Port	<p>For Thunderbolt 3 and USB-C Laptops:</p> <ul style="list-style-type: none"> Used to connect a Host Thunderbolt 3 or USB-C laptop to the Docking Station. The Docking Station supports USB Power Delivery. USB Power Delivery sends power over a Thunderbolt 3 or USB-C cable to the connected Host Computer. <p>Note: The Host Computer's Thunderbolt 3 port must support Power Delivery.</p> <p>USB-C Laptops:</p> <p>Note: To ensure maximum video compatibility, the Host Computer must support DP Alt Mode when connecting to the Docking Station.</p>
3 Mounting Holes x 4 (bottom)	<ul style="list-style-type: none"> Used to mount the Docking Station to a Display or Surface.
4 USB-C Port (Charging)	<ul style="list-style-type: none"> Used to charge a connected USB Device. Supports up to 5V at 3A, 15W charging. While charging a connection to a Host Computer is not required.
5 USB-A Port (Charging)	<ul style="list-style-type: none"> Used to charge a connected USB Device. Fast-charge devices that comply with USB Battery Charging Specification Revision 1.2. Supports up to 5V at 1.5A, 7.5W charging. While charging a connection to a Host Computer is not required.
6 3.5 mm Audio Port	<ul style="list-style-type: none"> Used to connect an Audio Device (e.g. headphones, speakers, headset, etc.) to the Docking Station.

7 Lock Slot (side)	<ul style="list-style-type: none"> Used to deter the theft of the Docking Stacking.
8 RJ45 Port	<ul style="list-style-type: none"> Used to connect the Docking Station to a Network Device.
9 USB-A Ports (2)	<ul style="list-style-type: none"> Used to connect a USB Device (mouse, flash drive, etc.).
10 USB-C Port	<ul style="list-style-type: none"> Used to connect a USB Device (mouse, flash drive, etc.)..
11 Video 1 DisplayPort Port/ HDMI Port	<p>DisplayPort Port:</p> <ul style="list-style-type: none"> Used to connect a Display Device to the Docking Station. <p>- or -</p> <p>HDMI Port:</p> <ul style="list-style-type: none"> Used to connect a Display Device to the Docking Station.
12 Video 2 DisplayPort Port/ HDMI Port	<p>DisplayPort Port:</p> <ul style="list-style-type: none"> Used to connect a Display Device to the Docking Station. <p>- or -</p> <p>HDMI Port:</p> <ul style="list-style-type: none"> Used to connect a Display Device to the Docking Station.
13 DC 20V Port	<ul style="list-style-type: none"> Used to power the Docking Station.

Requirements

For the latest requirements and User Manual, please visit www.startech.com/TB3CDK2DH or www.startech.com/TB3CDK2DHUE

Powering the Docking Station

- Select the appropriate regional **Power Cord** and connect it to the **Universal Power Adapter**.
- Connect the **Universal Power Adapter** to the **DC 20V Port** on the **Docking Station** and to an **AC Electrical Outlet**.

Connecting a Host

The **Thunderbolt 3/USB-C Host Port** lets you connect your **Host Computer** to the **Docking Station** while charging the **Host Computer**.

Thunderbolt 3 Host

- Connect a **Thunderbolt 3 Cable** (included) to the **Thunderbolt 3/USB-C Host Port** on the **Docking Station** and to a Thunderbolt 3 port on the **Host Computer**.

Note: *The Thunderbolt 3/USB-C Port will have a Thunderbolt icon above the port, indicating that the port has Thunderbolt 3 capabilities.*

USB-C Host

To ensure maximum video compatibility, the **Host Computer** must support DP Alt Mode when connecting to the **Docking Station** through the **Thunderbolt 3/USB-C Port**.

- Connect a **Thunderbolt 3 Cable** to the **Thunderbolt 3/USB-C Port** on the **Docking Station** and to a USB-C port on the **Host Computer**.

Driver Installation

The **Docking Station** will automatically detect and install the required drivers when connected to a Thunderbolt 3 or USB-C port on the **Host Computer**.

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by StarTech.com could void the user's authority to operate the equipment.

Industry Canada Statement

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada. CAN ICES-3 (B)/NMB-3(B)

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Windows

1. Click on the pop-up message.
2. Select **Always Connect** from the list.
3. Click **OK**.
4. If required, follow any other on-screen instructions to complete the installation.

Warranty Information

This product is backed by a three-year warranty.

For further information on product warranty terms and conditions, please refer to www.startech.com/warranty.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Safety Measures

- If product has an exposed circuit board, do not touch the product under power.

Mesures de sécurité

- Si l'un des circuits imprimés du produit est visible, ne pas touchez le produit lorsqu'il est sous tension.

安全対策

- 製品に露出した状態の回路基盤が含まれる場合、電源が入っている状態で製品に触らないでください。

Misure di sicurezza

- Se il prodotto ha un circuito stampato visibile, non toccare il prodotto quando è acceso.

Säkerhetsåtgärder

- Rör aldrig vid enheter med oskyddade kretskort när strömmen är påslagen.
