

MPN: PROHDMIOP8K7.5

Professional Fiber Optic HDMI 8K Cable 7.5m

Vivolinks 8K Optical Fiber Cables are built for professional use to support the most demanding environments and AV installations.

The fiber optic HDMI cables are made to deliver lossless audio and video signals over long distances. The fiber optic technology ensures the most reliable connection and is safe to use where EMI and RFI interference is present.

The Kevlar fibers in the cables makes the cables perfect for rough installation environments. The Kevlar fibers are attached with lock rings in the connectors of the HDMI cables and protects the cables even when pulled with high force in cable runways, in walls and over ceilings.

Features:

HDMI 2.1

Supporting Resolutions up to 7680 x 4320 @ 60Hz

HDCP2.2 compliant

Supports ARC

Supports HDMI Ethernet Channel and 3D

Tensile Strength (Pull resistance): 20 kg.

- Supports Audio and Video at 48 Gigabit per second
- Supports HDMI Ethernet Channel and 3D
- Power consumption only 0,7W
- Fully HDCP2.2 Compliant
- Gold Plated HDMI Connector Pins
- Kevlar Fiber inside for extreme strength over long distances
- Supports 8K@60Hz and 4K@120Hz
- Supports ARC

Specifications

Features

Cable length	7.5 m
Connector 1	HDMI
Connector 1 gender	Male
Connector 2	HDMI
Connector 2 gender	Male

Features	HDMI version	2.1
	Maximum resolution	7680 x 4320 Pixels
	Product colour	Black
Package dimensions	Depth (package,cm)	18 cm
	Gross Weight (Package, kg)	0.22 kg
	Height (package,cm)	3.6 cm
	Width (package,cm)	18.4 cm
Product dimensions	Net Weight (Product, kg)	0.12 kg
	Product Depth	18 cm
	Product Height	3.6 cm
	Product Width	18.4 cm
Vendor information	Brand Name	Vivolink
	Warranty	12 Year(s)
