

Lindy UTP Port Doubler networking cable Grey

Brand : Lindy

Product code: 34002

Product name : UTP Port Doubler

- 2 x 10/100Base-T devices to 1 port
 - Low cost solution for adding extra connections
 - Existing installations can be expanded quickly and easily allowing additional devices to be added temporarily or permanently
 - No performance loss
 - Saves adding additional cable runs
 - Ideal for existing installations where additional cables cannot be installed easily
- UTP Port Doubler, 2 x 10/100Base-T to 1 Port

[Lindy UTP Port Doubler networking cable Grey:](#)

Our Port Doublers allow two devices to be connected using only one port of a structured cabling system. The CAT5/5e/6 cable used in a conventional Fast Ethernet network is made up of 8 conductors, 4 of which are unused. The port doubler makes use of these 4 spare conductors, to provide a second connection over a single cable run, without any loss of performance.

Port Doublers must be used in pairs by connecting one to the patch panel and the other to the wall outlet.

Lindy UTP Port Doubler. Product colour: Grey

Features

Product colour * Grey
