InstaShow® VS10 Button Kit

BenQ InstaShow VS10 Button Kit:

NOTE: Every InstaShow® host unit uses its proprietary architecture and router-level chipsets to work together with InstaShow® Button, which transmits a large amount of image data to ensure the best functionality, excellent video/audio quality, and superb network connection performance. Therefore, we strongly advise using InstaShow® Button together with InstaShow® Host devices to ensure that the most stable wireless projection at all circumstances.
