Product name : Spotlight™ Presentation Remote

Spotlight™ Presentation Remote

[Logitech Spotlight™ Presentation Remote:](#)

Logitech Spotlight sets a whole new standard in presentation control, allowing for simple slide navigation and interaction with on-screen content from up to 30 meters (100 feet) away. The customizable timer sends haptic notifications directly to the user's hand - and the advanced pointer system allows the user to spotlight and magnify areas of focus in pixel-perfect detail. Use the on-screen cursor to play and pause videos, open links, and enjoy a range of rich content interaction. A full charge lasts up to three months, and Spotlight is plug-and-play on most devices and platforms running popular presentation software.

Enabled via Logitech Presentation App.

May vary based on environmental and computing conditions.
